

Employer Solutions

Innovation from the clinical brand you trust.

Fairview Health Services is an award-winning nonprofit healthcare system with over a 100-year history of meeting community needs and achieving breakthrough medical advances. In partnership with University of Minnesota Health, we are at the forefront of leading-edge research and innovative patient treatments. As a healthcare provider organization, we are industry leaders—with a record of introducing transformative care delivery models that address the continued affordability of healthcare while improving individual access and health outcomes.

That's why we have assembled Employer Solutions—a portfolio of services that promises to save you both time and money—while providing your organization with a healthy return on its investment.

The Fairview Difference: in the spirit of Triple Aim

Higher quality care

Fairview's Employer Solutions are evidence-based healthcare services that address workforce health issues as they arise—helping your organization meet your employees' episodic healthcare needs.

The Employer Solutions portfolio includes:

- Enhanced Employee Assistance Program
- Executive Health
- OnCare™
- Onsite Clinics
- Sleep Health

Better patient experiences

Fairview's patient satisfaction approval ratings are reflected in the awards, honors and accolades consistently received by both our facilities and healthcare providers. In a recent patient satisfaction survey, 97% of patients stated they would consider a Fairview provider in the future.

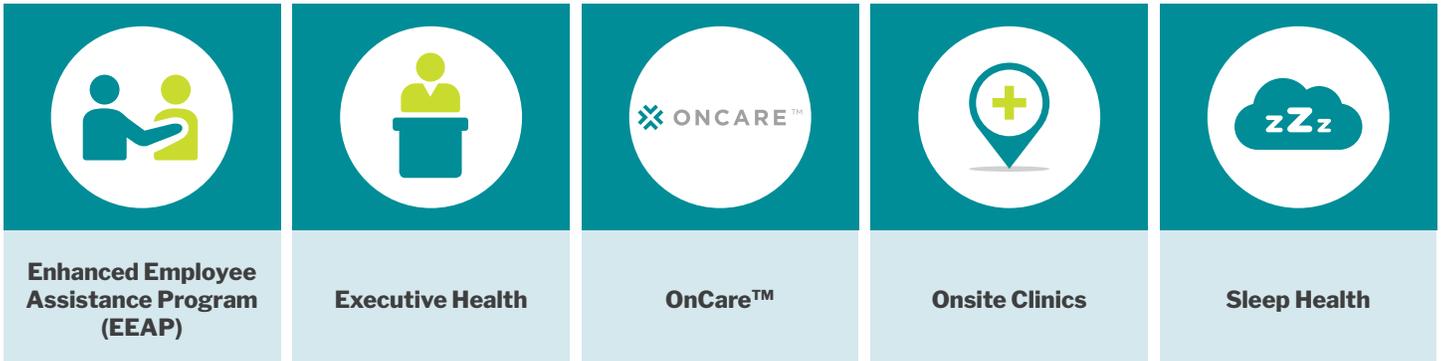

Additionally, in 2016, *Forbes* ranked Fairview among America's top 75 employers. No other Twin Cities healthcare system was ranked higher. Our employees are our difference. Our patients appreciate this difference—and your organization will as well.

Lower costs deliver greater value

Fairview works diligently to lower our costs by streamlining processes and creating more efficient care delivery models—and we pass those savings on to you:

- Carve-out services available at discounted rates
- Capitated annual costs for some programs
- Programs tailored to meet your organization's unique needs
- Prices negotiated directly with employers

Employer Solutions

Fairview's Employer Solutions portfolio includes:

Enhanced Employee Assistance Program (EEAP)

Our Enhanced Employee Assistance Program helps individuals and organizations address common workplace emotional challenges.

- Short-term, personalized counseling for individual employees and/or family members, including in-person counseling and telephonic options
- Support for employers with organizational initiatives and/or challenges

Executive Health Program— Signature Health and Wellness

Fairview partners with University of Minnesota Health's Signature Health and Wellness program in providing executives and busy professionals with comprehensive, personalized health assessments.

- Comprehensive physicals performed at the state-of-art Clinics and Surgery Center centrally located near the U of M campus
- Highly efficient single-day testing and wellness consultations

OnCare™

Fairview's online solution offers quick, convenient diagnosis and treatment anytime, from anywhere in the state.

With a clinician available 24 hours a day, 7 days a week, your employees and their family members have access to the help they need, when they need it most. All they have to do is "log on"—day or night.

- Diagnose and treat routine minor conditions such as colds, allergies, bladder infections, pink eye, and more

- Access the most cost effective and convenient way to get care for minor conditions
- Help your employees and their family members feel better faster

Onsite Clinics

Fairview's Onsite Clinics have a positive impact on cost reduction while improving employee morale, saving time and producing excellent medical outcomes.

- Avoid unnecessary absentee costs and resource challenges with onsite medical services
- Enjoy flexible options for schedules and scope of services
- Provide your employees and their family members convenient access to care
- Help your organization control its financial exposure with creative pricing models

Sleep Health

Sleep Health helps employers improve the health of their employee populations while mitigating their safety risks and financial exposure.

- Cost-effective carve-out program that delivers a consistent standard of clinical quality
- Sleep Apnea testing and treatment led by renowned program director, Dr. Conrad Iber
