

Onsite Clinics

Innovation from the clinical brand you trust.

Fairview Health Services has earned a reputation as one of the most trusted and respected healthcare provider organizations in the Upper Midwest. Our unwavering commitment to clinical excellence and a superior patient experience ensures your employees receive the highest-quality care at your own place of work.

Going “well and beyond”—providing affordable access to healthcare

Fairview’s onsite clinics are an effective solution for both public and private sector employers. With a focus on patient satisfaction, Fairview designs its onsite clinics with your employees’ wellbeing in mind. Our goal is to help you meet your goals—for lower medical costs, employee productivity and presenteeism, client satisfaction and better overall health outcomes for your population.

Lower medical costs

Our onsite clinics help your organization control medical costs. You take advantage of our wholesale pricing and customizable service offerings. We’ll provide you with predictable pricing options regardless of your needs.

Employee productivity and presenteeism

With our onsite clinic, employees have convenient and timely access to quality care with dedicated providers at your site. Walk-in visits add the flexibility of being treated immediately. Employees are able to get better and stay healthy, helping them best perform on the job.

Employee satisfaction

Our patients highly regard services within our onsite clinics. Providers have extended appointment times so patients don’t feel rushed. Your employees take advantage of this valuable benefit with quality care at their fingertips.

Better health outcomes

Backed by knowledgeable and experienced Fairview providers that use trusted, streamlined workflows ensure staff receive the best quality of care. Our ability to tailor services to best meet the needs of your population further encourages a culture of health within your workplace.

More than a clinic

Whether we’re providing primary care, urgent care, or lifestyle health and wellness services, our onsite clinics offer clients a unique and customized approach to healthcare. We’ll work with you to determine service offerings and specialties that best meet your needs and needs of your employee population.

A trusted partner

With a Fairview onsite clinic, your employees have access to the full spectrum of resources and services available through the Fairview Health System, including its medical providers, specialists, clinics and hospitals. We help drive utilization by providing you with marketing and communications suggestions to spread the word. And we partner with you to establish and monitor success metrics to ensure your organization meets its healthcare and cost containment goals.

A cost containment strategy with direct impact to your bottom line

We recognize that most employers, local governments and school districts must maintain a delicate balance between reining in healthcare costs and meeting their employees’ needs for quality healthcare. We also understand the correlation between healthy, happy employees and workforce productivity. We strive to assist you in realizing both by partnering to create a program and a financial model that best meets your employees’ needs while optimizing your organization’s health benefits investment.

Ultimately, our goal is to help you improve the overall health of your employee population while directly improving your bottom line—a benefit of tremendous value.

Core Services

- **Basic Medical Care**

Keep staff feeling their best with basic injury, illness and select primary care services for your staff in a convenient, timely form.

- **Simple-Scope Laboratory**

Efficiently and effectively perform common laboratory tests like strep cultures, urinary tract infection screenings and more.

- **Lifestyle Health and Wellness**

Help your staff remain healthy and keep your costs low through injury and illness prevention with biometric screenings and regular wellness checks.

- **Complex Care Consultation**

Provide education, coordination and referrals to better manage your population's chronic care needs.

- **Immunizations**

Prevent future costly healthcare needs with proactive immunizations.

- **24/7 Support**

Get quick response to your staff's around-the-clock needs through our Fairview Nurse Advisor telephone line.

Elective Services

- **Enhanced Primary Care**

Expand your service selection to include additional primary care exams and services. We can work with you to tailor options to meet your population's needs.

- **Pharmacy**

Provide the ultimate convenience for staff with select medication dispensing at your location.

- **Innovative Engagement**

Engage staff through innovative care offerings like our online wellness platform or additional workplace offerings tailored to meet your needs.

- **Internet and Video-based Services**

Further enhance your staff's care options with convenient online virtual care options, video visits, or engaging wellness platforms.

- **Specialty Care**

Maximize your offering with virtual or onsite specialty staffing and services that are customized to your population's health needs.

- **Targeted Health Solutions**

Whether you're targeting a specific disease state or fulfilling a regulatory staffing need, let us help you best meet the health needs of your defined population.
