

Employer Solutions

An innovative portfolio of services from your local health care leader

Fairview's Employer Solutions uses an innovative approach aimed at reducing health care costs, promoting employee satisfaction and overall health.

Enhanced Employee Assistance Program

- A program offering short-term, personalized counseling by licensed Fairview Health Services counselors.
- Goes beyond traditional EAP programs by providing multiple in-person visits and telephonic counseling.
- Programs can be tailored to support specific organizational challenges.

Caregiver Assurance

- Unlimited phone access to a dedicated Caregiver Advisor.
- Personalized referrals to Fairview's services for seniors and aging.
- Extended availability hours.
- Optional four-week mind-body and resiliency series.
- Optional in-home evaluation and family care conference services.

Behavioral Health and Well-Being

- Offers employers a dedicated well-being advisor who considers the numerous factors affecting behavioral health.
- Resolves employee issues before they access their benefits.
- Proactive outreach strategies, care navigation, and ongoing support.

Fairview On-Site Clinics

- A customized on-site clinic solution that offers convenient access to high-quality care for your employees and dependents.
- Helps improve workplace health and avoid absentee costs.
- Flexible models, scheduling, and scope of services to best meet our client's needs.

OnCare™ Online Clinic

- A cost-effective online clinic available to employees 24/7, treating routine health conditions like colds and flu, allergies, ear infections, pink eye, and more.

University of Minnesota Health Executive Health Program

- A comprehensive, single-day annual physical and wellness consultation performed at our state-of-the-art University of Minnesota Health Clinics and Surgery Center.
